Donn,

Thank you for inviting the Coalition to participate in the EPA's Open House this May. We will definitely plan to host an outreach table.

I'm hosting a monthly meeting next week (Tuesday, May 3rd) with the community. Would it be possible for you to send me the mailers to share with our members at our meeting?

Thank you,
Jackie Young

Good Morning, Jackie as you may have heard we are planning a late May San Jacinto Site Open House/ Availability Session. So, in advance, we would like to invite you in behalf of the San Jacinto Coalition, to head up a table with your information, ie. Posters, fact sheets,...in the large meeting room with EPA and other organizations such as Harris County, TDSHS, COE, TCEQ etc at tables to provide information and answer questions.

Our Mgmt. and other local agencies support this more informal format with all the recent events, and from comments we received at the February meeting.

We look forward to your participation in this Informational site event.

Thanks,

9746123

Jackie, the EPA Dive Team (EPA qualified staff) is doing the inspection, not a contractor.

Thanks,
